***This is to certify Antara Mukherjee, Roll no. – BS121, Regn no. KNU20113001355 of 2020-21, of our department took part in excursion, 2022 to Dehradun from 27/03/2022 to 31/03/2022 to fulfill the curriculum of B.Sc Zoology (Sem-4) Honours Practical Examination.***

**Signature**

**Introduction:** *To a student of Biology the study of animals should not be confined in the books. The laboratory of naturalist is in fact extended in nature. So the importance of excursion is obvious.*

*It gives an insight into the habit and habitat, behaviour and characteristics of the animals due to the particular environment.*

*The moment you step in the city the first thing that catches your eyes here is its picturesque unbeatable beauty and the perfect amalgamation of the city and hilly culture. Located at an altitude of 960m, Dehradun has earned accolades for being a perfect place to get respite from the hustle-bustle and scorching heat of the plains below. Its close proximity to the other much popular surrounding destinations such as Auli, Mussoorie, Rishikesh, Haridwar and Nainital also adds to its charm.*

*Dehradun is a trendy hilly tourist destination with its impeccable beauty and charismatic sceneries would not let you unimpressed once you step down on its land. Whether you are a traveller, an adventure seeker, looking for romantic escapes or are just in search of a spiritual adobe, the city has a lot to offer to everyone. Along with other tourist spots, famous scientific museums and lush green sprawling parks, Dehradun is adorned with several famous historic buildings that have great architectural value and a number of temples that have spell binding beauty and at the same time are considered to be very auspicious. Dehradun has a subtropical climate with cool winters, hot summers and heavy monsoons. The city also receives a good amount of snowfall during winters which is a major attraction for tourists.*

### **PARTICIPANTS**

## Some important places of Zoological interest in and around Dehradun:

\*Forest Research Institute (FRI), Dehradun

•Sahastradhara

\*Rishikesh

•Asan Barrage

•Haridwar

### VISIT TO ASAN BARRAGE [29<sup>TH</sup> MARCH 2022]

**ASAN BARRAGE:** Asan Barrage is a barrage in the Uttarakhand – Himachal Pradesh border region in the Doon valley, situated at the confluence of the Asan River, 28 km, Northwest of Dehradun. We saw fruit bats and many species birds (Blue Whistling Thrush, Grey Wagtail, Greater Spotted Eagle, White-browed Wagtail,, Painted Stork ,Blue Rock Thrush) and trees. Asan Barrage serves as a winter passage halt for trans-Himalayan migratory birds. These birds are spotted here on their way to southern India and again on their way back

### VISIT TO SAHASTRADHARA [29<sup>TH</sup> MARCH 2022]

**SAHASTRADHARA:** Sahastradhara which literally means 'Thousand fold spring' is a famous tourist spot in Dehradun. At the Baldi river, Sahastradhara is located at 14 km from Dehradun city. Tourists visit Sahastradhara in large numbers to watch beauty of waterfalls and caves.

### VISIT TO RISHIKESH [30<sup>TH</sup> MARCH 2022]

**RISHIKESH:** Rishikesh is a city in India's Northern state of Uttarakhand, in the Himalayan foothills beside the Ganges River. It lies 24 km north of the city Haridwar and 45 km southeast of the state capital Dehradun.

### VISIT TO HARIDWAR [30<sup>TH</sup> MARCH 2022]

**HARIDWAR :** Haridwar is an ancient city and an important Hindu pilgrimage site in North India's Uttarakhand state, where the river Ganges exists the Himalayan foothills. The largest of several sacred ghats (bathing steps), Har ki Pauri hosts a nightly Ganga Aarti (river worshipping ceremony) in which tiny flickering lamps are floated off the steps. The Rajaji National Park is just 10 km from Haridwar.
