Notice for the Vermicomposting Training Programme

A Two Day Training Programme in Vermicomposting

- A Brief Report

The Department of Zoology conducted a two day Students Training Programme on Vermicomposting under the expertise of Dr. Sukanta Rana, Department of Zoology, Raniganj Girls' College on 28th and 29th March, 2023 from 12 noon - 2 pm. Students from the Department of Zoology (14), Botany (1) and Psychology (3) participated in the workshop. The teachers of the department also participated in the workshop.

Objectives:

1. To familiarize the students with the eco-conscious practice of cultivation with bio-fertilizers like vermicomposting.
2. To train the students in actual Vermicomposting
3. To develop vermicomposting as a skill enhancing their employability
4. Contribute to the long term goal of practising sustainable agriculture through organic mode.

The Principal of our college, Dr Chhabi De, inaugurated the programme with a welcome speech on women and how training in vermicomposting can help the students to become self-employed or secure a livelihood. The students observed the vermicomposting of the college and practiced the standard process of decomposition of vegetation wastes and vermin-bed preparation. The responses and eagerness of the participants made the programme a grand success.

Outcomes:

1. The students learnt about significance, impact and process of Vermicomposting
2. They learnt about organic farming and ways to improve soil quality by promoting bio fertilizers
3. They also learnt about the biodiversity of local earthworm
4. Students came to know that such training can make them employable
5. They can also become small entrepreneurs and create employment opportunities for others.

**MUSHROOM CULTIVATION- AN
INITIATIVE OF
RANIGANJ GIRLS' COLLEGE**

INTRODUCTION

The mushroom cultivation project of the college was adopted in 2021. After the first few experiments, the college was successful in its mushroom cultivation initiatives in the month of November 2022. This initiative is overlooked by the Department of Botany, Raniganj Girls' College. The first batch of mushrooms cultivated was of the variety *Pleurotus ostreatus*, common name "Oyster mushrooms". Later, A Two Day Training programme on "Mushroom Culture Technology and Cultivation" for the students was organized on 11th and 12th April 2023

Notice for a Two Day Training Programme on Mushroom Culture Technology and Cultivation on 11th and 12th April 2023

**A Two Day Training programme
on
“Mushroom Culture Technology and Cultivation”
A Brief Report**

A Two-day workshop on “Training in Mushroom Culture Technology and Cultivation” was organized by Department of Botany, Raniganj Girls’ College on 11th & 12th April 2023 for the students of various semesters of BSc Honours in Botany, BSc Program in Botany and BSC Honours in Zoology studying Botany as their Generic subject.

The objectives of this workshop were:-

- **To select edible mushroom varieties with identification**
- **To train students about mushroom cultivation**
- **Packaging and marketing**
- **To develop entrepreneurship**

The Workshop has been divided into two phases – Inaugural session and Technical Session. Both the inaugural and technical sessions were conducted in the offline mode. A total of 16 (sixteen) students actively participate in each session. The Keynote address was jointly delivered by Dr. Sima Mandal and Prof. Abhijit Kumar Dutta of the Department of Botany, Raniganj Girls’ College currently affiliated to Kazi Nazrul University. Dr. Mandal elaborated on several aspects of mushrooms including some of the theoretical aspects of the cultivation part, while Prof. A.K. Dutta discussed about the process of mushroom cultivation in its entirety. Ms. Baisakhi Mukherjee described the economic importance of mushrooms, while Ms. Kheyali Sarkar discussed about the different types of mushrooms and how to differentiate between edible and poisonous mushrooms. The training was conducted by Dr. Sima Mandal, Prof. Abhijit Kumar

Dutta, Prof. Baishakhi Mukherjee, Prof. Kheyali Sarkar, Mr. Swadhin Gope and Mr. Sona Mukherjee. During the training programme everything was executed practically and the participants were required to repeat the steps after the instructor. The students participated enthusiastically and finally the packed bags were hung in the Mushroom Cultivation room. The mushroom cultivation initiative in the college is now a continuous process. The fruit body flushing of the bags already hung before started about 3-4 weeks later and the productivity per bag was approximately 1600-1800 gms. The participants took turns in watering the bags whenever it was necessary.

OUTCOMES:

- Students learnt about the morphology and types of Mushrooms
- They learnt how to identify edible and poisonous Mushrooms.
- Studied the techniques of Mushroom cultivation
- Students will be able produce spawn on their own
- The students also learnt about the economic importance of mushrooms
- Learnt about the prospects and scope of mushroom cultivation in small scale industry
